

Family Health Care (FHC), a Federally Qualified Health Center Look-Alike, is seeking a full-time Dental Assistant with experience providing dental care services to a wide range of population.

Dental Assistant Summary:

Our dental assistants are passionate about patient care and treat each person with dignity and compassion. We are looking for someone who will jump in to get things done and takes pride in quality work and care - A problem solver that wants a fun team to work with! If you are interested in a compassionate work environment and in caring for the whole patient, please consider joining us at FHC.

QUALIFICATIONS:

- Dental Assistant Certification
- Experience using Electronic Medical Records
- Great customer service, including experience speaking with dental patients over the phone.
- Interest in assisting both in our main clinic and during Outreach at Early Childhood Centers and Schools. *This will require some heavy lifting of equipment in and out our outreach van.*
- Have a flexible and adaptable schedule.
- Bilingual with English and Spanish preferred

We want people who are:

- At their best a constantly changing, challenging environment.
- Self-motivated and reliable.
- Friendly, personable and excellent communicators with a diverse population of clients and team members.
- Detail oriented with a high level of accuracy
- Dependable and punctual
